

Chung Chi College  
The Chinese University of Hong Kong

# Chung Chi Another Milestone: Gathering Talents and Igniting Creativity

*Project E of Chung Chi College, CUHK*

# Then and Now of Chung Chi

1951

Chung Chi College was founded with 63 students and about 10 teachers.

1963

CUHK was founded.

Chung Chi was incorporated as one of the three Founding Colleges of CUHK with 533 students and 67 teachers.

2023/24

3,456 students, 349 teachers and 30,501 alumni.

Chung Chi Student Development Complex was set up in October 2023. It provides students with more abundant indoor activity spaces.

Chung Chi College has promoted holistic education through various projects and activities for over seventy years. The College encourages students to **explore their potentials, enrich their learning experiences, and foster their all-round development.**

# Vision and Mission of Chung Chi

CUHK has its own unique College System. All full-time undergraduates are affiliated with one of the nine Colleges.

Departments and Faculties emphasis on disseminating and creating knowledge by effective teaching and conducting vibrant research.

Colleges play the role to teach students about "**Living**" and "**Virtue**". Its programmes and activities complement the formal curriculum by offering a wide range of non-formal learning opportunities. Different colleges cultivate students with different attributes.

College Motto

***In Pursuit of Excellence***

Expected Attributes for Chung Chi students

*Excellence in Academics and Sports* 文武雙全

*Cultivation of Virtue and Talents* 德才兼備

*Enhancement of Spirituality* 靈性修為

# Project E: Another Milestone, New Development Opportunities

New Age New Landmark

Project E

Chung Chi College is redeveloping the nearly 60-year-old staff quarters Block E adjacent to the University MTR station into a twin-block complex.

The high block will be a **student hostel** with about 300 places, while the low block includes a **replacement staff quarters** (17,000 square feet), an **alumni activity centre** (2,200 square feet), a **sky garden**, **Digital Culture and Art Creativity Centre** (3,500 square feet), among others. It will be an important platform for students, academic staff, and alumni to gather, exchange, stimulate creativity and innovation, driving the campus development to reach a new milestone.

the site video

# Introduction of Project E Facilities

Promoting Chung Chi's **educational mission and vision**, Project E supports the long-term development of the College and the implementation of nurturing students with “Excellence in Academics and Sports” (文武雙全), “Cultivation of Virtue and Talents” (德才兼備) and “Enhancement of Spirituality” (靈性修為).

## Student Hostel

around 300 beds

Student Hostel is a **crucial place to cultivate students' moral character and personal growth.**

Hostel is a miniature of society. Through the social life in hostel, student residents can enhance their adaptability, emotional intelligence, interpersonal and communication skills, as well as sense of belongings to the College. The organization of hostel activities will also strengthen students' activity planning and execution skills, developing them into future-ready leaders.

## Staff Quarters

17,000 square feet

Academic staff are students' role model. Their words, deeds, and experience sharing are part of non-formal education, which helps cultivate students' good character.

With a convenient accommodation, academic staff can actively participate in and promote College's activities, thereby, facilitating the communication and interaction between teachers and students, strengthening non-formal education, and **establishing a harmonious campus atmosphere.**

## Alumni Activity Centre

2,200 square feet

This centre, **exclusively for Chung Chi Alumni**, is located next to the University MTR station, which not only encourages alumni to visit their alma mater more but also bring alumni together to nurture Chung Chi students, passing on Chung Chi's spirit to future generations.

Alumni become students' companions with the College's mentor programme. Their life experience facilitates students to broaden their social network and enhance their communication skills. The Alumni Activity Centre will provide **a platform for alumni and students to connect and exchange**, establishing mentorship and friendship among them.

# Digital Culture and Art Creativity Centre

3,500 square feet

This new centre with a high ceiling will be a multi-functional space for various kinds of activities, exhibitions, workshops, and conferences on different themes.

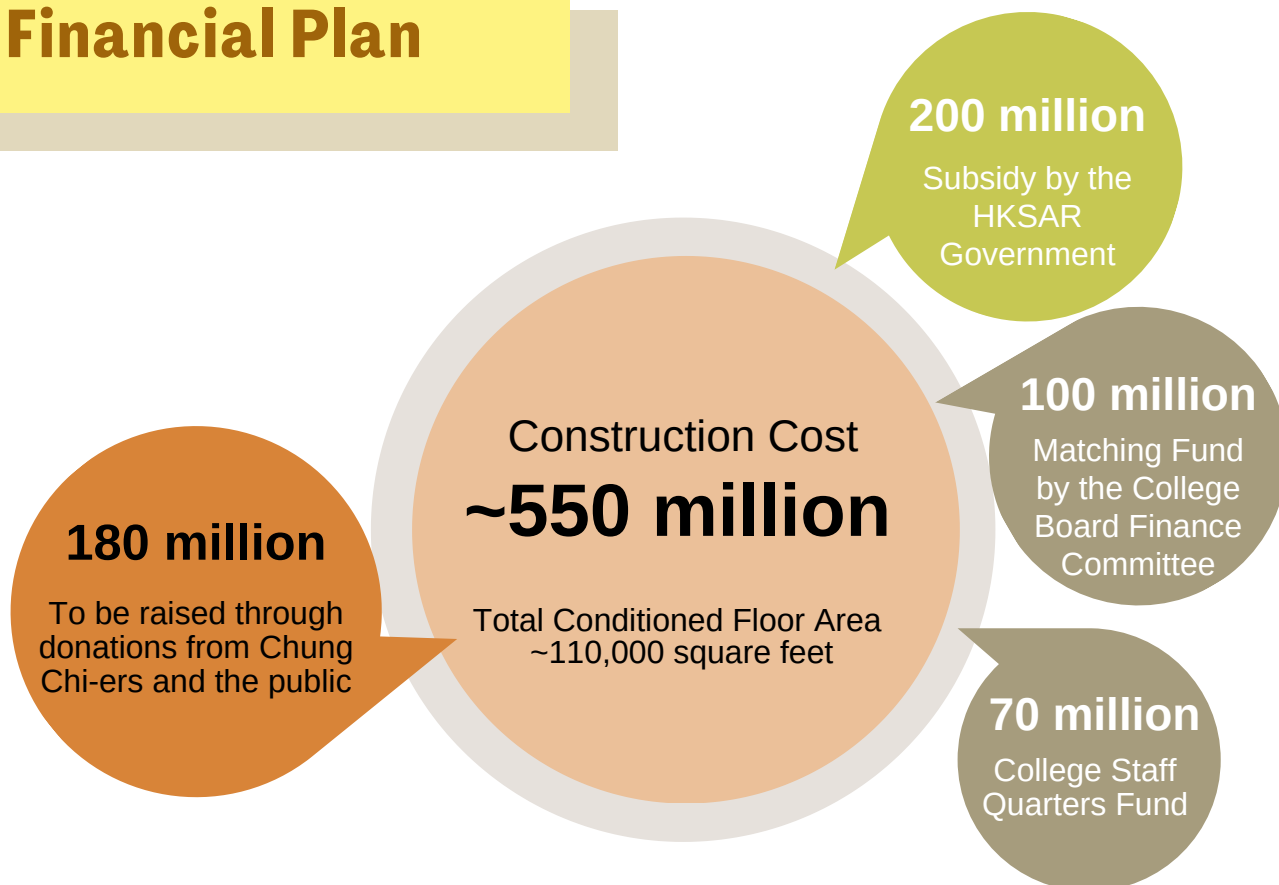

It encourages students, academic staff, alumni, start-ups, and experts to engage in innovation and creativity, facilitating cultural and artistic interaction in the global digital world, fostering the digital literacy among the new generation, including digital ethics and digital citizenship, and promoting the creation and appreciation of digital culture and art.

The centre will build an atmosphere for studying digital art culture, cultivating students' cultural enrichment, encouraging them to self-learn, unleash innovation and creativity. Through gathering teachers, students and alumni to interact and collide, students' ability in communication, critical thinking and problem-solving could be greatly enhanced.

## Financial Plan

The construction cost is estimated to be \$550 million. With a government subsidy of \$200 million for the partial construction cost of the student hostel, the rest will be financed by the College and fundraising.

Since the Government's subsidy to the eight UGC-funded Universities are mainly for academic development, recurrent expenditure on teaching and research purposes, only the student hostel of Project E will be subsidized partially by the Government. Without other financial support from the Government or CUHK, the College is bearing the construction cost for the remaining facilities independently.

The Finance Committee of College Board agreed to contribute with a matching fund of \$100 million, together with \$70 million from College Staff Quarters Fund, of which the current project fund is \$370 million in total. **The remaining \$180 million has to be raised through donations from Chung Chi-ers and the public.**

# Acknowledgement

Facilities of Project E, including but not limited to the two new blocks, student hostel, staff quarter, alumni activity centre, Digital Culture and Art Creativity Centre, sky garden, are available for pledge. A feature wall will be installed in the new building to engrave donors' names for appreciation.

We are very grateful for the encouragement of donors and are pleased to acknowledge them in the following ways:

Donation Amount	Ways of Acknowledgement
All Amount	Names reported on the Development Office website and College newsletter
\$10K or above	Names on the tiles of the feature wall at Project E Building
\$100K or above	Names on the special tiles of the feature wall at Project E Building
\$300K or above	Individual acknowledgement plaques at hostel rooms (positive messages to be provided by donors)
\$1M or above	Special acknowledgement in Project E facility
\$10M or above	Please contact our Development and Alumni Office for details

The College is pleased to acknowledge our supporters of Project E or campus development in a variety of ways, including naming the College buildings, facilities, programmes, among others, after major donors to extend our appreciation for their substantial and unflinching support.\*

Many a little makes a mickle! You're welcome to support us through the [online donation form](#) !

\*For acknowledgement taking the form of naming, it is subjected to the consideration and approval of the Chung Chi College Board of Trustees and the University Council of CUHK. The duration of naming a facility/programme/or project ordinarily continues as long as it remains in being. Chung Chi College reserves the right to terminate the naming arrangement if it is in conflict with any naming policies of the College and the University.

# Project Timeline

**Aug - Oct 2022**

Confirm the project architect

**Feb 2024**

Complete the project design  
Invite tenders for construction

**Dec 2026**

Complete constructing the student hostel
